

## DAY OF JUBILEE AT WILKESBARRE

Twenty Thousand Striking Coal Miners in the Line of Parade.

## CHEER THEIR LEADERS

Probably the Largest Demonstration Ever Held in the Anthracite Region.

## TO REJECT OPERATOR'S OFFER

Wilkesbarre, Pa., Oct. 3.—[Special Telegram]—Countless thousands jammed the streets of the capital of the Wyoming Valley today in attendance upon the great miners' demonstration. The concessions offered by the operators made it a day of jubilee.

National Organizer Dillcher, "Mother" Jones, President Mitchell and Organizer James were met at the depot and greeted as heroes by the surging, jostling crowds.

Soon after their arrival the parade started with the national officers and distinguished citizens of Wilkesbarre in the lead. It is estimated that twenty thousand were in line.

The stars of the procession were men from McAdoo, the backbone of the fight in the Lehigh and Panther Creek valleys, who marched twenty-five miles, two hundred strong, to join the parade.

After the parade a mass meeting was held at West Side Park. It was probably the largest demonstration ever held in the anthracite region.

Mayor Nichols made the opening address. He was followed by Mitchell and others, who urged the strikers to stand together until the terms are deemed satisfactory by the convention representing the workers of the entire region.

It is generally predicted that the operators' offer will be rejected.

## MINERS HOPE FOR A COMPROMISE

All of Them Are Eager to Return to Work As Soon As Possible

Hazleton, Pa., Oct. 2.—Wilkesbarre has become the storm center of the coal strike, and the miners are awaiting eagerly the results of the day. Not a word has issued from labor headquarters that would indicate the possible result of the miners' mass-meeting.

President Mitchell and all the officers of the United Mine Workers are present, and they are meeting 25,000 men from all parts of the anthracite region. Considerable importance is attached here to the meeting of operators at Scranton, and 99 out of 100 miners believe their employers will make known their compromise offer. A 10 per cent advance and a reduction in the price of powder would be acceptable to the miners.

President Mitchell reiterated his statement that the officials would not stand in the way of a compromise by demanding recognition of the organization. The individual unions, however, must be recognized. The Lehigh Valley, Wyoming, and Lackawanna coal companies today issued the following notice to employees:

"We will adjust rates of wages so as to pay our mine employees on and after Oct. 1 a net increase of 10 per cent on the wages heretofore received, and will take up with our mine employees any grievances which they may have."

Puzzle in Wording of Note. To this the Lehigh added the following:

"It is understood that powder will be sold to miners for \$1.50 a keg and that the difference between this rate and the old rate of \$2.75 shall be taken in account in figuring the net advance of 10 per cent for this class of labor."

The meaning of the notice is a mystery to the miners. Some consider it an advance of 22 per cent and others declare that it would result in a reduction of wages. This offer, however, is equal to a flat advance of 4 per cent for employees.

This offer, like that of the Reading company, is considered a feeler, before making an offer the men will accept.

There was little sleep in the mining towns. Besides the force that swept down on the Panther Creek collieries, a force of miners marched on Lattimer and another on the Markle mines at Jeddo.

## Marching Miners Win Unarmed.

At Lattimer the miners adopted new tactics. When ordered to halt by the deputies they held their hands above their heads to show they were unarmed, and swept the guards aside. At Jeddo the miners were met by Sheriff Harvey, who gave each man a cigar, marched with them through the mining villages, and then advised them to go home. This they did. As a result of the demonstration, however,

the Oneida colliery, employing 3,000 men, shut down.

The strike situation in the Lehigh valley showed a change in favor of the men. Several hundred men quit work at the Calvin Pardee mines, and at Oneida and Cranberry the coal companies lost additional men. No collieries were closed down in this region to-day.

At Shenandoah the Twelfth Regiment started home. It is expected the other regiments will be withdrawn this week with the exception of a small guard.

## STRIKE STILL GOES ON.

Reading Company's Notice of Advance Has No Effect.

Shenandoah, Pa., Oct. 2.—The notice posted by the Philadelphia & Reading Coal and Iron company announcing an increase of wages of 10 per cent to all of its employees was ignored by the striking mine workers and none of them went to the workings in the morning.

It was the impression here that no attempt would be made to operate the idle collieries, and this feeling was strengthened by the fact that the soldiers were not ordered to patrol the roads at an early hour today. The governor's troop and battery C went on a practice march at 8 o'clock, but this was not significant.

Gen. Gobin was prepared for trouble in the Panther Creek valley today. The Lehigh Coal and Navigation company's collieries are located there, and that is the only section of the anthracite region not yet affected by the strike. The fact of the strikers going from Hazleton last night to Lansford, and Coaldale, both in the Panther Creek region, led Superintendent Cehner of the Lehigh Coal and Navigation company to believe an attempt would be made to induce the men there to quit.

Sheriff Toole was in communication with Gen. Gobin until a late hour last night and at 2 o'clock in the morning Thomas Reese, a special deputy, went to Lansford to learn the situation. At 6 o'clock he informed Gen. Gobin by telephone that no attempt was made to interfere with the mine workers in that vicinity. He said meetings were held last night by the strikers, who afterwards returned peaceably to their homes.

President Mitchell at noon said: "The strike is practically complete, and there will be no resumption of work without there first being a convention representing every colliery in the anthracite field. The prediction made yesterday that no attention would be paid to the notices posted by the Reading company conceding a 10 per cent advance has proved true."

"Our reports from the Panther Creek valley indicate that this heretofore impregnable portion of the anthracite region has declared its intention of suspending operations at once."

"Accompanied by the national board members, I shall go to Wilkesbarre tomorrow to attend a great labor demonstration which will be participated in by fully 25,000 men."

## STUDENTS TO MEET D. B. HENDERSON

State University Boys Will Take a Hand in the Campaign—Seem to be Mostly Republican.

Madison, Oct. 2.—At an enthusiastic meeting of the U. W. Republican club held in the Assembly chamber Saturday night it was decided to give a rousing student reception to the Hon. David B. Henderson who will speak here next Wednesday night. The committee then appointed to make the arrangements have received the most hearty encouragement from the students and the demonstration promises to assume gigantic proportions.

A student procession will form at the University gymnasium, and with torches and campaign canes with flags attached, will march to the capitol to welcome the great republican leader of the House of Representatives.

Student sentiment seems to be very greatly in favor of the McKinley and Roosevelt ticket this fall, regardless of previous party affiliations. The student democratic club has not yet held a meeting, but probably will do so before the campaign is closed.

## Coincidence in Numbering Warships.

It is a curious and interesting coincidence that while the old confederate cruiser Alabama was for a long time known as "No. 290" the new battleship Alabama was numbered "290" at the builder's yard before her name was decided upon and without any thought of the original.

## Dies from Vaccination.

Chicago, Oct. 2.—Meyer Johnson, 6 years old, who lived with his parents at No. 7930 Ontario avenue, died as a result of being vaccinated. Soon after the operation blood poisoning set in, and despite the efforts of the attending physician to save the boy's life, he died. The remains will be interred at Hobart, Ind.

## Dowle Elders Driven Out.

Mansfield, O., Oct. 2.—Dowle Elders S. P. Fogwell and John F. Richter of Chicago, arrived here last night and stopped at the Vonhoff hotel. At midnight they were routed out of bed and sent away, as rumors were current that a mob was coming after them.

## HANNA SAYS THAT NEW YORK IS SAFE

BUSINESS MEN IN THE EAST HAVE BECOME AROUSED.

People in the West Realize That There Is Only One Issue—Preservation of the Nation's Prosperity and Honor—Bryan Speaks at La Crosse Tonight—Fight Growing Hot.

Chicago, Oct. 2.—"I come back from the East in good spirits and with good news," said Senator M. A. Hanna, chairman of the republican national committee, as he settled himself at headquarters again yesterday. "The tide is running our way and will run the stronger the nearer we approach election day."

"A great many business interests have come to realize the importance of this campaign and are taking hold. From now on you will not hear much of apathy."

## A Red Hot Campaign.

"In New York everybody is awake, both sides are working hard and the campaign will be red hot for the next thirty days. There is no doubt about our carrying New York."

"The people in the West are losing all interest in Bryan's anti-imperialism issue since learning the truth from President McKinley's letter of acceptance. That 'paramount' issue is dead. The people generally now realize that there is only one issue at stake—preservation of the nation's prosperity and honor."

## President Is Not To Speak.

President McKinley will not go away from Washington or Canton; Senator Hanna said, to make political speeches. He made this announcement very positive. "I have not made any promises, and shall not make any yet awhile," Senator Hanna said when asked about that much discussed possible tour of his through Kansas, Nebraska and South Dakota. "It does not look as if I would be able to make any speeches outside of Chicago. But we'll know more later."

## Connecticut Not In Doubt.

New Haven, Conn., Oct. 2.—Voting for town officers was held in 162 of the 168 Connecticut towns yesterday. Of these reports have been received at midday from 122. Of these the republicans carry 92 and the democrats 30, killing the democratic national committee's claim that this state is doubtful this year. Of the three chief cities to choose all were democratic last year, but two swung to the republicans today.

## SEND SIGNALS HIGH IN AIR.

Successful Launching of Colored Parachutes from a Kite-Box.

New York, Oct. 2.—A system of war signals with colored parachutes, in mid-air has just been tested by William A. Eddy, at Bayonne, L. I. Kites were the chief factors in the plan. A report on a series of these tests is to be made by Mr. Eddy to Chief Signal Officer Greely.

Mr. Eddy sent aloft, by means of two nine-foot kites, a light box three feet square. This was divided into two compartments, each fitted with a trap door. Each compartment contained an American flag and a folded parachute made of paper. In addition to the flag, one of the parachutes had suspended from it a disk of livered paper. The flashing of sunlight upon such a disk, it is said, can be seen fifteen miles away by the aid of glasses. The trap doors were fastened by a time fuse or slow match. One was timed to release the door in five minutes and the other in ten minutes.

The parachute box, which looked like a large aerial camera, had reached a height of 500 feet when the first match released the door. The parachute opened at once and sailed slowly downward, with the flag flying. The extra five minutes before the second match burned out allowed the box to go to a greater height, and the second parachute, with the flag and disk, hung suspended in the air for a long time.

The idea is that with various colored flags suspended in series under the parachutes long messages could be sent aloft. These, it is said, could be read at great distances by the aid of glasses.

## KILLED BY AN EXPLOSION.

Twenty British Soldiers Meet Death—Destroying Ammunition.

Lorenzo Marques, Oct. 2.—An explosion occurred at Komatiport while the British were destroying the Boer ammunition, resulting in the death of twenty of the Gordon highlanders.

A dispatch from Lord Roberts says: "Rundell's troops in the Bethlehem district have recaptured from the Boers a mountain battery gun lost at Nicholson's neck, and also 65,000 rounds of Martini-Henry ammunition."

Gen. Baden-Powell has taken command of the police in the Transvaal and the Orange River colony, where it is proposed to maintain a force of 12,000 men, under his command.

## British Steamer Sunk.

Philadelphia, Pa., Oct. 3 (Special Telegram).—The British steamer Biela, New York for Manchester, collided at sea yesterday with the Eagle Point from London for Philadelphia and sank. The crew was rescued.

## FRANCE SEEKS TO KEEP OPEN DOOR

NEW NOTE TO THE POWERS ON CHINESE QUESTION.

French Republic Recommends That the Punishment of the Leaders of the Uprising Be Insisted Upon—Says All Nations Except England Will Agree to This.

Paris, Oct. 2.—[Special Cablegram]—It is officially stated that the governments of London, Paris, Berlin, and St. Petersburg are fully in accord on the question of Chinese settlement along the lines proposed by Premier Delcasse which favor negotiations with the Chinese being opened immediately, though admitting the necessity of satisfaction for the anti-foreign outbreak and advocates the permanent prohibition of arms and ammunition for China.

Vienna, Oct. 2.—The French Ambassador to-day delivered to the foreign office a note from his government to the powers outlining a proposal for the settlement of the Chinese question. The note reviews all of the proposals that have been made heretofore, and attempts to harmonize them.

The note recommends that the powers shall insist upon the punishment of the instigators of the outrages and of the leaders of the Boxers. It advocates immediate negotiations with the Chinese plenipotentiaries, regarding the material compensation to be demanded on account of damage inflicted upon the missions and the commercial interests of individuals who suffered through the convulsions or laches of the Chinese government, these negotiations to also include the consideration of the indemnity due to the powers themselves. Guarantees are also to be demanded to prevent the recurrence of the outbreaks.

France in this note makes the additional suggestions that the Chinese trade in arms and ammunition be prohibited, the forts between Peking and Taku destroyed, and a permanent guard located in each legation at Peking with the idea that this latter shall become, eventually, a composite international guard. The French note argues that this plan is best designed to preserve the integrity of the empire and the "open door."

It is understood that an advance agent to the foregoing proposals have been secured from all of the continental powers. It is hoped that America will assent, because the French plan meets the views expressed in her reply to the German note, but doubts are expressed in diplomatic circles as to the acquiescence of Great Britain. It is difficult to conceive the grounds for these fears, unless the French note contains something which is not included in the foregoing summary.

## TUAN EDICT CONFIRMED.

Washington Authorities Receive Word from Consul McWade at Canton.

Washington, D. C., Oct. 2.—A message was received from Consul McWade at Canton in which he reports the issue of the decree punishing Tuan and his colleagues, so that there is no longer doubt as to the accuracy of Sheng's statements on that point. Mr. Conger also has received official notification of the Chinese peace commission which was forecasted by Minister Wu's advice several days ago. Mr. Conger made no reference to the condemnatory decree, hence it is inferred that it was not issued when his dispatch was sent last Thursday. The text of these two dispatches is as follows:

"Canton, China, Oct. 1.—Secretary of State, Washington: Decrees just issued. Emperor blames ministers for whole trouble. Orders Tuan, Kung, and other officials degraded and punished by imperial courts. Emperor holds Tuan and others entirely responsible for bloodshed."

"Peking, Sept. 27, Via Taku, Sept. 30.—Secretary of State, Washington: Have received notice today from Prince Ching that he, Earl Li, Yung Lu, and Viceroy Tsin Kun Yi and Chang Chih Tung will act in concert in negotiations for peace. Yung Lu is in the interior. Li Hung Chang is at Tientsin. Conger."

## CHAFFEE NAMES GUARD.

Designates Troops to Guard Legation in Peking.

Washington, D. C., Oct. 2.—The war department is in receipt of a cablegram from Gen. Chaffee indicating that he had received the instructions to withdraw most of the United States forces from China and had provided, in accordance with those instructions, for a legation guard. The dispatch follows:

"Received Sept. 30, 1900, via Taku. Adjutant-General, Washington, Sept. 29 (cabled from Tientsin).—Received your Nos. 42 and 43. The Ninth Infantry, Third squadron of the Sixth cavalry and light battery will constitute legation guard. Shall endeavor to get all supplies to Tongchow before water falls. (Signed) Chaffee. Dispatches Nos. 42 and 43 referred to by Gen. Chaffee were those containing his instructions to withdraw the American troops from Peking."

The war department has also received the following from Gen. Chaffee:

"Taku, Sept. 30.—Adjutant-General, Washington: Health of command good. Have accepted invitation from hospital ship Maine to transfer some convalescents to hospital ship Relief, now repairing at Nagasaki."

## "Chaffee."

Shelled by British Gunboat. Hongkong, Oct. 2.—The British gunboat Robin has shelled the village of Luklao, on the west river, in retaliation for the inhabitants firing on a British steamer. The ringleaders were afterward captured and flogged.

## HEAD IS A WOMAN'S.

That Growsome Find in Grain Bag at Cedar Lake.

Crown Point, Ind., Oct. 2.—Experts on bones will be called upon to determine the character of the skull found in Cedar lake last Saturday by Tony Hetzel. A portion of the scalp and some teeth were dragged from the lake today by a searching party, but no other portion of the body was found. Some doubt has been raised as to the sex of the person to whom the head belonged. This cannot be definitely settled until a close examination of the skull is made by experts. Many people at Cedar Lake think it was a woman's head found in the grain bag, and this theory adds interest to the case.

Sheriff Lawrence said today: "Although we are completely at sea regarding the identity of the unfortunate whose head was found in Cedar lake, yet we have two points worked out which may enable us to eventually clear up the mystery. The head is that of a woman, and she was a resident of, or had quite recently visited, a large city, probably Chicago. The mouth plate and the two false teeth attached to it tell this story. We have had several dentists examine the plate. They all say that it is from the mouth of a medium-sized woman—that it is too small to have been from the mouth of a man. The dentists also agree that the plate is of recent manufacture, and that it was made in a city. The teeth are affixed to the plate with very heavy solder. Only the dentists of large cities use this solder, as a very strong heat is required to melt it. There are no dentists at Crown Point or in the neighboring towns who use this sort of solder."

Foreman McKenna, who is the head of Armour & Co.'s ice plant at Cedar Lake, thinks the head may have belonged to a man who disappeared from the ice camp last winter.

Sheriff Lawrence believes that the head came from Indianapolis or Chicago.

## WARM GREETING TO TEDDY AT LINCOLN

Roosevelt Was Given a Monstrous Ovation at the Home of Bryan This Afternoon.

Lincoln, Neb., Oct. 3.—[Special Telegram]—Elaborate preparations are made for the reception of Roosevelt here this afternoon and will be given a great welcome to Bryan's home. At the request of Bryan, all the democratic pictures, banners will be taken down. The excursion trains are delivering thousands. Roosevelt will speak at the capital grounds after the parade.

The republican candidate's train reached North Platte at 6:15 this morning and at eight he spoke to a big crowd in the opera house, saying that he learned that on this division of the Union Pacific four years ago nine conductors received one hundred dollars a month; now there are twenty receiving a hundred and fifty dollars.

## Dynamite-Laden Cow Goes.

Altosna, Pa., Oct. 2.—Greenwood, near Clearfield, was shaken to its foundation by an explosion of dynamite tied to the tail of a cow belonging to James Duglavin. The animal galloped through the streets in a frenzied effort to free herself of the appendage, and the town was panic-stricken. The cow stopped in front of the blacksmith shop and Seth Williams, the blacksmith, tried to cut the rope, but the cow gave a ferocious kick and started down the main street. Then there was an explosion that made houses rock and broke windows. On the edge of the town was found a deep hole and bits of hide and flesh.

## Sunnyside Mine in Flames.

Evansville, Ind., Oct. 2.—The Sunnyside mine in this city, the largest mine in southern Indiana, is on fire and about fifty men are in the mine fighting the flames. It looks at this writing like the entire mine will be a loss. The value of the mine is estimated at \$200,000. William Bates, the foreman of the mine, was overcome and taken to his home in a serious condition. The Sunnyside mine was the scene of a riot two years ago during the big strike and several non-union men were killed.

## Burglars in the Vatican.

Rome, Oct. 2.—[Special Cablegram]—During Sunday's festivities at St. Peter's, burglars entered a deserted part of the vatican, broke a strong box, and stole several hundred thousand francs.

## ONE IS KILLED IN A WRECK IN IOWA

BURLINGTON PASSENGER TRAIN PLUNGES INTO A DITCH.

The Train Without Warning Leaves the Rails and Goes Over an Embankment—Cause of the Disaster Was a Loose Rail—Eight People Are Badly Injured.

Ottumwa, Iowa, Oct. 2.—One of the worst wrecks on the Burlington in years was experienced on the Charleston-Indianola branch, just south of Lacona, about 10 o'clock A. M. A passenger train was precipitated into the ditch while running at a high rate of speed, resulting in the death of one man and injury of several other passengers. The dead:

B. R. Welcher, of Milo, Iowa.

The injured:

Miss Maggie A. Kidd, Richland, Iowa; seriously injured about the head.

Roy M. Culbertson, of Danvers, Ill.; slight injury to head.

C. M. Buchanan, Fairfield, Iowa; head injured.

James Kersey, Amo, Ind.; head injured.

Miss Spurgeon, Orient, Iowa; right knee and leg bruised.

R. M. Mead, Milo, Iowa; left wrist, back and head injured.

George Bruce, Corydon, Iowa; back injured.

Brakeman Vance, slight injuries.

The train was known as No. 125 and consisted of the engine, one baggage car and one passenger coach. It was in charge of Conductor G. R. Bryan, of Agency and Engineer Murphy of Charleston. It had just left Lacona when, without warning, it left the track and plunged down an embankment. The cause is said to have been a loose rail, which turned over.

The injured passengers were conveyed to Charleston, where medical aid was summoned. There were twenty passengers in the wrecked coach. A wrecking crew was sent out from Charleston and the track was cleared in a short time.

## Election in Connecticut.

New Haven, Conn., Oct. 2.—Elections were held in towns of the smaller class throughout the state. Of these there are 162. The places in which no elections were held are New Haven, Hartford, Bridgeport, Ansonia, Naugatuck and Derby. Incomplete returns indicate that the vote was very light and that the Democrats have made a slight gain over last year. The voting was for the purpose of choosing officials for the town governments and settling for the coming year the license question.

## State Campaign Nears End.

Atlanta, Ga., Oct. 2.—The campaign incident to the state election, which comes Wednesday, has closed after a heated finish in most of the doubtful counties of middle and north Georgia. The ballot prepared for the election on Wednesday will be the longest ever voted before in Georgia. The ticket will contain for the first time the names of the nominees for all the circuit judges and solicitorships to be filled this year and each judge and each solicitor is to be elected by the vote of the entire state.

## Ministers Are Held.

Washington, D. C., Oct. 2.—Fernando Faneche, minister of foreign relations in the cabinet of President Zelaya of Nicaragua, and Mr. Corea, the Nicaraguan minister to the United States, are held in quarantine at Fort Eads on the Mississippi river, south of New Orleans. They are on their way from Managua to Washington, and took a fruit steamer from Greytown across the gulf.

## Loomis School's Site.

Windsor, Conn., Oct. 2.—The Loomis Institute, created through the bequest of \$1,500,000 from three Loomis brothers, of whom John Mason Loomis of Chicago, contributed about \$1,000,000, will be placed on one of the most picturesque spots in the Connecticut River Valley, upon the homestead of Joseph Loomis, an ancestor of the founder.

## Mrs. Leslie Steps Out.

New York, Oct. 2.—Mrs. Frank Leslie has resigned the management and editorship of Leslie's Popular Monthly, founded by her husband. She says she was forced out by a deep-laid plan, and she unhesitatingly condemns those to whom she lays the blame for her retirement.

## Bryan in Minnesota.

St. Paul, Minn., Oct. 2.—The Twin cities rivaled each other in their reception of William J. Bryan. In the two places it is estimated 35,000 people tried to hear him, and two-thirds of them succeeded.

## Roosevelt in Nebraska.

McCook, Neb., Oct. 2.—Gov. Roosevelt spoke to a large audience here on the issues of the day.

## Law is Unconstitutional.

Detroit, Oct. 2.—[Special Telegram]—The Michigan supreme court declares the state sugar bounty law unconstitutional. The state paid half a million dollars last year to the beet sugar companies.

## THE NEWS FROM COUNTY TOWNS

### MILTON

THE GAZETTE AGENCY  
W. C. Anderson, Manager,  
Milton, Wis., Oct. 2, 1900.

A Harvest Home service was held at the Seventh-Day Baptist church Saturday morning and the following program was presented:

Organ voluntary.

Exercises—By Sabbath school classes.  
Hymn—By choir and congregation.  
Hymn—Quartet.  
Harvest Home collection.  
Hymn—Solo and quartet.  
Sermon—Rev. Dr. Platte.  
Hymn—Choir and congregation.

Charles Anderson gave the writer some peaches Saturday, that were grown by his brother, W. B. Anderson, at Lake Mills, who has a crop of five bushels. They are much finer than some of the Michigan product, both in appearance and flavor.

Carrier J. C. Anderson delivered on the rural route from this office during the month of September, 2,769 pieces of mail, and collected \$44. Of the number delivered, 401 were letters, and of those collected, \$44. Over 2,000 papers were taken out. A good showing for the first month.

W. F. Hackett, of the St. Paul Daily News, was a visitor in the village Saturday. He is the father of Daisy Hackett, who is living at Dexter Gray's.

Miss Bertha Fross of Ashland, is visiting her parents, Mr. and Mrs. W. H. Fross.

Dr. E. B. Swift is expected to arrive in town today.

Supt. J. B. Borden of Marshfield, spent Sunday here on his way home from Milwaukee, where he attended a meeting of the officers of the state teacher's association, of which he is treasurer.

The Mansfield creamery is manufacturing about five hundred pounds of butter daily.

Mrs. D. Y. Berkalew, has been quite ill, but is now improving.

Local buyers are offering 7 and 2 for the new tobacco and some sales are reported at 6 1/2 and 2.

The "J. O. T." club dined with Landlord Morris, at the Oak Grove Inn, Clear Lake, Sunday.

Mrs. R. P. Kepler of Gladbrook, Iowa, is visiting her parents, Mr. and Mrs. E. F. Davis.

Rev. F. B. Sherwin shipped his household goods to Waupaca, his future home, Monday.

Mr. Smith of Beloit, coached the football eleven Monday, preparatory to the games with clubs that are expected here soon.

Operator S. B. Davy is still on sick call but hopes to be on duty before the week closes.

Crandall and Babcock are putting storm windows on the school building.

### STEBBINSVILLE

Stebbinsville, Oct. 2.—There are so many tobacco sales to report that it would take a whole column of space to give a list of the names. Over one-half of the farmers south of here have sold at prices ranging from 7 1/2 to 8 1/2 cents per pound and that the other half want to do likewise. About two-thirds of the farmers built new sheds or additions to their old ones this year, but with eight cent tobacco we expect to see a great many more erected next season.

The Attlesay & Page threshing outfit done a very neat job of threshing on the Mrs. Frank Murray farm on Thursday last. In one hour there was 150 bushels of oats bagged and carried to the bin. Mr. Attlesay is an old thresher and a wide-awake man at any business he undertakes.

About twenty loads per day of sugar cane is the average at the Wright sorghum mill. It keeps them hustling early and late to keep up with the demand for sorghum and but for the exertions of their head man, Lightning Bodeen, they could not grind the cane fast enough to make room for the new lots that arrived. The past season seems to have been favorable to the culture of sugar cane and perfect sorghum is made from it.

James Spike Sr. is still making improvements at his place and has had carpenters masons and painters at work during the summer and fall and has many improvements to his home.

Charles Garay has painted his barn

and tobacco shed with a new shade of red which adds very much to the appearance of his beautiful country home.

### KOSHKONONG

Koshkonong, Oct. 2.—Great improvements are going on at the station and town lots are liable to take a jump. The cellar for the new store has dug and everything now ready for the stone mason.

Names of scholars perfect in attendance at Otter Creek school for the month of September: Gladys Brown, Delia Lynd, Annie Ward, Bessie Haskins, Blanche Westrick, Mary Cullen, Stewart Johnson, Virgil Randall, Allie Haskins.

H. V. Luyster was a visitor at Bingham's place last week, he was accompanied to his home in Kansas City by his wife who has spent the summer with her mother and other relatives here.

Mrs. J. T. Silverthorn of Footville visited her daughter Mrs. M. B. Downing a few days last week.

Mrs. Fay Stedman and Mrs. Hanson visited in Ft. Atkinson Saturday.

Wm. D. Brown drove up from Rock Prairie Wednesday and spent the day with his sister Mrs. Traynor.

Fred Adams has a new McCormick corn husker and shredder with all the new attachments and is now prepared to do first class work for the farmers.

Mansfield creamery at Otter Creek paid an average of 83 per cent for August milk. Board's creamery paid an average of 82 cents per cwt. for August milk.

Visitors at Bingham's place the past week were Mr. and Mrs. Charles Swartz and daughter, Messrs. Carter, McKinnay, Wise, Blunk, F. A. Taylor, George Slocum and Mesdames Ivison and Tice, of Janesville. Ed and Ezra Bingham of Chicago; George Ansel, Pa., Zach Kimball and daughter Lela from Lima. Mr. and Mrs. R. Pfeiffer visited relatives in Ft. Atkinson Sunday.

Mr. and Mrs. Evan Lowry and son Ross and Mr. VanAlken of Janesville spent Friday at M. B. Downing's.

Mrs. James Vincent and little daughter Alice of Milton visited Tuesday at P. Traynor's.

Robert Pfeiffer purchased a fine driving horse last week at Geneva.

Little Esther Stedman has been very sick with croup and sore mouth and under the care of Dr. Ella Randall of Milton but is now convalescing.

Mr. and Mrs. Will Marquart have taken into their home for the present, one of the Swan children, who recently lost their parents at Milton. He is a bright little fellow and it is hoped the other four children will find as good homes as this one.

Miss Margaret Cullen will go to Rock Prairie this week to make her home with the family of Mrs. Helen Brown.

Names of those who will attend the Jefferson county fair are too numerous to mention. Every family for miles around will be represented.

The peach and cake social at George Barnhart Saturday evening was well attended and all had a good time.

W. B. Stoddard, ex-alderman of the second ward, Janesville, made his weekly tour of the lake Sunday, stopping at A. P. Lark's.

Missionary meeting next Sunday after Sunday school. Subject, "China." There will be no preaching as Rev. Starkweather will attend conference at Appleton this week.

### JOHNSTOWN CENTER

Johnstown Center, Oct. 2.—Autumn leaves are already beginning to fall and the cold icy winter will soon be our guest.

Mr. and Mrs. Chas. Stoller spent Sunday at Richmond.

Next Sunday evening at seven o'clock there will be services held at the church at this place. Rev. Longfield of North Johnstown will preach. Every body, old and young, are cordially invited to attend the services.

C. Mrs. Nellie Pember is not improving as fast as could be desired.

### CLINTON

Clinton, Oct. 2.—At the German Lutheran church Tuesday, September 25, at 8 o'clock, occurred the marriage of August Frank and Miss Caroline Henning. Rev. H. Robers conducted the service. After the ceremony the guests repaired to the home of the bride's parents. The wedding supper, which was a bounteous one, was served to over seventy-five guests. They took the noon train the next day for Madison and other northern points, where they remain for a short time. On their return they will occupy Mrs. J. Hartshorn's farm, northwest of Clinton.

Saturday, September 29 was an ideal day for the flag raising in the Winnebago district. The exercises began at 2 o'clock by the flag being raised over the school house by members of the Alexes Tallman post. Appropriate songs were sung. Superintendent Throne made

some excellent remarks, and Hon. J. M. Whitehead of Janesville, delivered an able address, after which refreshments in abundance were served.

Rev. W. L. Curtis gave an excellent report of the state convention held in Green Bay last Sunday. It being rally day in the Sunday school, Mrs. Curtis consented to speak. Her many friends rejoice to know that she has become sufficiently strong to be able to walk again after three years of nervous prostration and ill health.

The W. C. T. U. county convention will be held in Janesville Tuesday and Wednesday, Oct. 2d and 3d.

Mr. and Mrs. Harris are rejoicing over the arrival of a daughter in their home Sept. 17.

A reception was given Mr. L. J. Merrill and family at the M. W. Hall last Friday evening as they are soon to remove to Edgerton.

Mr. and Mrs. L. L. Olds are moving their household goods and will soon be settled in Mrs. Bird's house on Church street.

Mrs. D. M. Olds leaves for Chicago tomorrow where she will stay with her daughter a week then go on to St. Louis will attend the meeting of the American Board thence to Mexico to spend the winter with her daughter and family who are missionaries.

A committee consisting of Messrs V. E. Winnebag, George Snyder P. Parley, Graham Cane been out to Williamsburg Iowa to investigate the system of lighting the city. We hope new lights for the streets will be the result.

Mr. M. A. Treat spent Sunday in Freeport.

Jennie Walker spent last week at the home of her parents.

Mr. and Mrs. Carl Newton went to Chicago Friday evening for a few days stay.

The Milton Junction aid society of the M. E. church met at the home of Mr. and Mrs. O. Berens here Thursday.

### Six Feet Seven Inches Tall

It is not alone corn that grows to a great height in Rock county. County Clerk Starr was surprised today to see a young man that had difficulty in getting in the door, walk into his office. After he had recovered from his surprise he asked the young man what he could do for him, and was informed that he wanted a hunting license. He gave him the name as Ernest Deidrick, age 18 and height six feet seven inches. This young man would not trouble walking ashore in Lake Koshkonong if he was unfortunate enough to fall out of the boat, while hunting ducks in that lake.

### Fall Fashions for Men.

Fashions for men for the coming fall will not please people who like bright colors and a considerable display of jewelry. Everything is to be in quiet shades and designs. Even colored shirts are no longer strictly proper, plain white linen having come back into its own. Only two styles of collar will be correct, the high, straight standing and the high band turned down. Gay colored neckties will be banished. The approved thing will be a solid color four in hand Ascot or string. Gloves for fall wear should be of red tan, or slate in color, heavily stitched, and fastened with a button. For men who wish to go to the limit extremely heavy white kid gloves are offered for outdoor wear. Fashionable shoes will have round toes without boxes and much heavier soles than heretofore. Patent leather will not be much worn and all shoes will be laced. It will be as much as a fashionable man's reputation is worth to wear gloves without buttons or shoes with them. Soft felt hats will not be allowable. The proper thing in headgear will be black, dark brown or pearl gray derbies or bell-crowned silk hats. Fall clothes should be modest and quiet in color. For business wear the coat should be either the single-breasted sack, with either three or four buttons, or the double-breasted sack with three buttons. Both should be cut shorter than last year and should fit more snugly. All coats are cut square shouldered and the frock-coat should always be worn open and should be exactly four inches more than half the height of its wearer.—Chicago Tribune.

### THE HARVEST HOME FESTIVAL

The Harvest Home festival at First M. E. church last night, was a success in every particular. The chicken pie supper was first class and well patronized. Afterwards there was a very fine program consisting of a piano duet by Mrs. Folley and Miss Staples, readings by Misses Hattie Decker, Alice Crawford and Fannie Rumrill, vocal selections by E. A. Folley, Archie Crawford, the male quartet and the choir, a violin solo by Harry Stevens, and a baritone solo by Arthur Clark.

### EASTER EXPLOSIONS.

Christian Residents Provoke Disorder in Turkey.

The Christians on the coast of Palestine have the foolish custom of celebrating Easter by the continual firing of pistols and guns, writes a correspondent of a Hamburg journal. This almost led to a massacre at Haifa. There had been bad blood between the Christians and Mohammedans of the port for some time past, and the kalmakan (governor), to prevent an outbreak, prohibited this useless burning of powder this year. On Easter Sunday the order was respected, but on the second day several hundred shots were fired. On the third, when the French consul dressed in his gala uniform, left the Greek church, a mob of 2,500 to 3,000 persons accompanied him, yelling "Vive la republique de France!" and a regular fusillade ensued. This behavior irritated the Mohammedans and they made up their minds to celebrate the Mohammedan All Souls' day, which fell upon April 19, in the same way. The kalmakan prohibited shooting and a parade, but the sheiks came to him to inform him that they could not prevail upon their young people to abandon their project, as they were determined to show that they had as much right as the Christians. The parade took place. The Christians, fearing violence, had bought the day before all the arms they could get hold of, and had garrisoned a house on the road of the parade with 150 men, determined to accept battle if occasion offered. The authorities, however, were on the alert and no fight occurred. It could have ended only in a general massacre. But the incident shows how provokingly the Christians act upon occasion, taunting the Mohammedans. They are encouraged in this way by the influential and ambitious consuls. When passion has been roused to fever heat in this way very little is needed to cause an outbreak of fanaticism.

## A POPULAR CHORD.

London's Underground Railway Appreciated by the Public.

Rarely before has London been so pleased with a novelty submitted for its approval as it is with the new Central London railway, which has now been thrown open for public use. From the time the first train started from the Shepherd's Bush terminus at 5:15 a. m. until the last train from the Bank end half an hour after midnight no fewer than 4,500 passengers had sampled the new line on its opening day. Thousands more had looked on. To get down to the level of the trains, which varies from sixty to ninety-six feet below the street, either stairs or lifts are available, says the London Daily Mail. Most people take the fine, large, airy elevators, for the stairs are long, numbering from 100 to 150 treads—a formidable flight to walk up at all events, whatever may be said about going down them. Arrived on the platform, one's first sensation is that of a delicious coolness. The thermometer may be soaring in the 80s or 90s overhead in the street, but down on this line it is always round about 55 degrees. Then the electric lights suddenly flash into greater brilliancy, in comes the train—they run every two and a half minutes during the busy hours—and off it goes again before time has been given to observe fully how handsome it is with its seven elegant cars, each built to seat forty-eight persons.

## Millions Receiving Relief.

August 14 the number of persons in receipt of relief in the famine districts of India was: Bombay, 1,586,000; Punjab, 169,000; central provinces, 2,270,000; Berar, 472,000; Ajmer-Merwara, 95,000; Rajputana states, 324,000; central India states, 105,000; Bombay native states, 421,000; Baroda, 122,000; northwestern provinces, 2,000; Punjab native states, 42,000; central provinces feudatory states, 61,000; Haidarabad, 460,000; Madras, 8,000; Bengal, 22,000; total, 6,149,000. Bombay and Bengal returns of number on relief works incomplete.

## Affection

Exhales from children as fragrance from flowers. The little lips are always puckered to give or take a kiss. In homes where there are children, love reaches its fairest and sweetest proportions. In childless homes the kiss of wife and husband grows formal, and presently is neglected; the springs of love in the heart become choked for want of use and exercise. Childlessness is a great sorrow to many women. It is like a curse from Nature, who bids all creatures to be fruitful. It is not a curse but a misfortune. Often the conditions which cause childlessness are removable. Dr. Pierce's Favorite Prescription has brought joy to many a woman by giving her the happiness of motherhood. It gives to the womanly organs vigor and vitality, removes local obstructions, and practically does away with the pains and pangs of maternity.

There is no alcohol or narcotic in "Favorite Prescription."

"I have never written you how grateful I am to you for your help in securing good health and one of the sweetest, dearest, thirteen pound girls that ever came into a home," writes Mrs. M. Vasing of 649 South Perry St., Kansas City, Mo. "I took four bottles of Dr. Pierce's Favorite Prescription, four of the 'Golden Medical Discovery,' and four vials of 'Pleasant Pellets.' Before I had taken four bottles of the 'Favorite Prescription' I was a new woman. I cannot make pen describe my heart-felt gratitude."

To keep the bowels regular use Dr. Pierce's Pleasant Pellets.

## OFFICIAL NOTICE.

CITY IMPROVEMENT NOTICE.  
(Published by the authority of the common council of the city of Janesville.)

Office of the City Clerk,  
Janesville, Wis., Sept. 18, 1900.

Notice is hereby given that a contract has been let for improving South Jackson street, from the north side of Dodge street to the north side of Pleasant street, in the Fifth Ward, by grading, macadamizing, and the laying of gutters and curbing, and that the expense of said improvement, chargeable to the real estate has been determined as to each parcel of said real estate, and a statement of the same is on file with the city clerk.

It is proposed to issue bonds chargeable only to the real estate to pay the special assessments, and such bonds will be issued covering all of said assessments except in cases where the owners of the property file with the city clerk, within thirty days after the date hereof, a written notice that they elect to pay the special assessments or a part thereof on their property, describing the same on presentation of the certificates.

## AS CHEOPS SAW IT.

"THAT is an enormous pyramid you are building," said the visitor at Egypt's court; "but it seems a purposeless kind of structure. What is it for?" "When the top stone is laid," replied Cheops quietly, "you will see the point."

Isn't it strange some persons find it hard to believe all that is told of Ivory Soap? Don't you try to believe it; just try the soap. You will not then be without it for twice its cost. It will tell the story. You will see the point.

## EARTHQUAKES BY MAN.

Volumes of Compressed Air Let Loose Causing Explosions.

Earthquakes would certainly seem to belong to the class of accidents described as caused by the "visitation of God."

There are, however, several authentic cases of earthquake due solely to the carelessness of man. One of the most remarkable of these entirely destroyed the town of Tselientang, in Northern China.

The damage was caused by a certain French concessionaries, who sank a shaft 3,000 feet deep, in hopes of finding a water supply for the working of certain tin mines. The expected water was not reached; but there suddenly gushed forth an enormous column of oil, evil-smelling air, which brought forth with it large, dark particles, the whole more resembling the vapor of a glowing furnace than ordinary smoke.

The mouth of the shaft was immediately surrounded with a high wall, in order to prevent anyone applying fire to the opening, either by accident or design. This very thing, nevertheless, happened a few days later; a terrific explosion ensued, the solid earth rocked to and fro with frightful violence, and when the dust and smoke settled a heap of ruins marked the place where the town had previously stood. Equally extraordinary, though less disastrous, was the man-made earthquake which occurred, in 1862, at the Lalle Collieries, in France. A day or two previously a miner had driven his pick into a long-forgotten and inundated working, and practically all the colliers working in the pit at the time were drowned. As the flood rose the gas and air in the interior of the mine were compressed with enormous force against the roof of the workings, until at last, the pressure overcoming the resistance of the covering of earth, a terrific explosion ensued, blowing into the air thousands of tons of debris and many houses. The effects of this artificially produced earthquake were felt at a distance of more than thirty miles from the seat of the disturbance. In Northwestern Pennsylvania, in the year 1873, occurred a man-made earthquake that desolated several square miles of country. An oil well did not "flow" quickly enough to suit its owner, who forthwith proceeded to tickle it up by exploding in its interior a heavy charge of nitroglycerine—a common enough practice in the Pennsylvania petroleum fields in those days, and one ordinarily attended with but very little risk. Unfortunately, this particular well seems to have communicated directly with a vast subterranean oil reservoir. At all events, an explosion of hitherto unparalleled magnitude followed. Seven acres of ground were blown upward, leaving exposed a huge crater-like pit, from the bottom of which the blazing oil welled in a mighty flood. More than twenty towns and villages were blotted out of existence, and scores of people met with a horrible death. The oil blazed for over a year, and cheap excursions were run to the place from all parts of the state.

It duffs the scythe of Father Time drives away wrinkles and approaching old age—the elixir of life, that puts hope in the human heart—Rocky Mountain Tea. Smith's pharmacy; kodak agents, next to postoffice.

"Cotton Mills" improves.

Cotton mills in the south are attracting illiterate whites from the country, where they have never had opportunity of amounting to much, and are making new men of them. As a result it begins to look as though the next generation of "po' white trash" in the south will be a vast improvement on those who have preceded them.

Reason for Refusing Knighthood.

Lord Provost Mitchell Thompson of Edinburgh is the latest recipient of a baronetcy. It is said that he was the first offered a knighthood, but refused. It there is one other instance of an Edinburgh Lord Provost declining a knighthood. He was a shopkeeper. "I did na altogether like the idea," he explained, "of any little street bairn running into the shop saying: 'Sir John, A want a ha-porth of writing paper.'"

Kansas City Makes Flour.

Kansas City has now become the second flour making point in the United States, having made 48,429 barrels of flour in one week, which eclipses all records except those of the Minneapolis mills.

## THIS DAY IN HISTORY.

222 B. C.—Aristotle, Greek philosopher and tutor of Alexander the Great, died at Chalcis.  
1452—Richard III of England born at Fotheringhay castle; killed at Bosworth.  
1700—Charles II of Spain signed his famous will, bequeathing his dominions to a French prince, which caused the dreadful war of the Spanish succession.  
1725—Chevalier d'Eon, whose sex was disputed during his career as a diplomat and who dressed as a woman the last 33 years of his life, was born in Burgundy; died 1810 and was then proved to have been a man.  
1780—Major John Andre, adjutant general of the British forces in America, hanged as a spy.  
1783—The great general Charles Lee, English, but a soldier in the American army, died in Philadelphia; born in Cheshire 1731.  
1842—Dr. William Ellery Channing, noted American divine, died in Bennington, Vt.; born 1790.  
1822—Ernest Reuán died in Paris; born 1823.  
1897—General Adel Dow, a noted war veteran and the father of the Prohibition movement, died at Portland, Me.; born 1804.  
1898—Cyclone devastated the coasts of South Carolina and Georgia.

## MR. BRYAN'S WARNING

"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 10, 1896.

## ANSWERING MR. SKINNER.

Information and Sound Advice From "Your Father" to His "Dear Boy."

My Dear Boy—In your last letter you say that old man Skinner, your employer, says that he "doesn't see what a farmer can be thinking of to vote for McKinley when the trusts are squeezing the life out of the farmers and the country is drifting right into imperialism every day."

You want to know how to answer him? Well, I will tell you what to say to him, and then I have a few words to say to you.

Ask Mr. Skinner if he remembers that in 1896 he sold that sorrel mare that used to work on the high side with old Jim for \$45. Ask him whether the sorrel wasn't a better horse than that bay that he sold to Crawford the other day for \$80. Remind him that he sold his wool in 1896 for 17 cents and that he sold this year at 27 cents and kicked like a steer because he didn't get 30.

Gently suggest that he sold a couple of steers in 1896 for \$3.25 per hundred and that they were as good as those splendid fellows that he sold last week for \$5.10.

The old man runs a huckster wagon into Nelsonville and sells produce to the miners' wives. Ask him if he remembers that four years ago a woman would come out to the wagon and say: "Can you let me have a peck of potatoes and trust me till John gets work?"

Remind him that the same woman comes out now and says: "Give me three dozen of eggs and two pounds of butter. What are those peaches worth? I'll take a basketful of them. Give me a peck of those tomatoes. How much does it all come to? Here's your money. When are you going to bring in some veal? John likes veal for breakfast."

Ask him if he doesn't know that more money has been paid out as wages to workmen during the past year than in any other year in the his-

tory of the hocking valley. Ask him whether a considerable part of this money hasn't found its way into his capacious pocketbook.

Remind him that he told me that whenever the Mayhew farm is put up for sale he intends to bid on that upper eighth that joins his and that he has made enough money in the last two years to pay for it.

And then gently suggest that he does not appear to be suffering much from imperialism or trusts either. Tell him that perhaps he had better let well enough alone. Tell him not to vote for what he doesn't want. Tell him that when trade is good and business confidence strong and healthful it is not wise to tear the whole thing down by giving the administration into untried hands.

I think that this is the only kind of argument that will touch old man Skinner, but you, my boy, have a larger soul. I want to say some other things to you.

My boy, thank God that you live in a country prosperous at home and honored abroad and never so prosperous and honored as now.

When you come to vote this fall, remember that the national credit has reached its highest point, that the work of American laborers has gained its highest reward and that the glory of American arms on land and sea has been most widely maintained under the wise, thoughtful, patriotic administration of William McKinley.

Remember that his administration is carrying out the principles and policy of the Republican party.

Remember that the blood of four generations of American soldiers runs in your veins and then vote so that you will not be ashamed of your vote on the day after election.

YOUR FATHER.

## ANNUAL BANQUET OF Y. M. C. A. BAND

Reports for the Last Year Show the Organization to Be in Good Shape—Elected Officers and Directors.

The Y. M. C. A. band gave its annual banquet last night. It was served at 7 o'clock and twenty musicians with Secretary Kline were seated at the table. Mesdames George Williams, F. F. Lewis and J. C. Kline had charge of the supper.

The reports for the last year showed the band to be in the most prosperous condition. Seventeen engagements have been filled, the band has leased a lot at Delavan lake and has \$200 in the fund towards erecting a building on the lot.

The following officers were elected: President—E. F. Lewis. Secretary—O. W. Bucklin. Treasurer—J. Walter Clark. Musical Director—J. S. Taylor.

These officers, with three additional members, George Williams, Arthur Clark and James Selkirk, constitute the board of directors.

In the future the band will take up literary work and discussions in connection with its musical study at its monthly banquets, and it was further decided to give two Sunday afternoon concerts each month in connection with the Y. M. C. A. men's meeting.

## Close Contests in England.

New York, Oct. 2.—A dispatch from London to the Tribune says the earliest contested elections on Monday will furnish pointers, but the general trend of public opinion will not be disclosed before Wednesday night. The most important contest is at Oldham, where two liberal imperialists are defending by-elections. This will be the first indication of the drift of opinion in the great industrial section of Lancashire. Rochdale, where the liberal candidate is charged with being pro-Boer, will be another Lancashire test.

once said that

"It was much easier to make money than to keep it."

and he was quite right. Many men spend too large portion of their income for their clothes, and they do in one of two ways:

They either buy cheap ready-made garments, and need twice as many clothes in a year as they ought to have; or, they go to the high priced custom tailor

whose charges force them to get along with a smaller number of changes than they would like to have. Now, you need not sacrifice yourself to either one or the other of the above evils.

## ORDER TO EXTEND WATER PIPE LINE

FIRE PROTECTION FOR THE  
CHOATE-HOLLISTER CO.

City Council Considered the Matter At the Meeting Last Night—Will Act Tomorrow Night—Chief Spencer, Authorized to Rent a Chemical Engine For Two Months.

The question of fire protection for the Choate-Hollister company was up before the council last night. The matter was informally discussed and an adjournment taken until tomorrow night when it will be acted upon. There is a disposition in the council to grant the company the water service demanded and a pipe line will no doubt be extended to the factory side before the ground freezes up.

**Water Pipe to the Factory.**  
Alderman Kothman read an order directing the city clerk to notify the Janesville Water Company to extend its pipe system on South Jackson street from Western avenue; thence south on South Jackson street across Rock river and along McKee Boulevard to George Place; thence west on George Place to a point opposite lot 325 in Spring Brook addition to said city, and of sufficient size and capacity to furnish the necessary pressure required for fire purposes, under the contract between the said Janesville Water company and said city, the hydrants to be located by the chief of the fire department.

Ald. Kothman said that he always wanted to help factories but this meant the expenditure of a good deal of money and would be a fixed tax on the people. He understood that the Janesville Water company couldn't do the work this winter.

**Views of Geo. G. Sutherland**  
George G. Sutherland said that the Choate-Hollister company was composed of five business men who had purchased the old Hall factory, and for a year had done a successful business, employing from 65 to 70 hands. The plant had been destroyed by fire which started in their engine room and had there been sufficient fire protection, the plant could have been saved. The business had been so successful that the company had started to rebuild, and commenced work on Monday.

The members of the company are all heavy tax payers, and had studied the question of putting in an extension to the factory from the standpoint of a taxpayer, and did not want to put the city to any expense that would not be of benefit. They could also secure a better rate of insurance if the main was extended and the fifty houses and city school house and other industries that will locate in that neighborhood should be taken into consideration.

The company had on hand a half million feet of lumber, and expected more every day, and would like some protection for that. If the order was passed at once the water company could put in pipes this fall.

Ald. Kothman asked that the committee be given further time, and Ald. Rice asked that the matter be deferred to the adjourned meeting next Monday. Alderman Fife said the committee had fully discussed the matter, and he supposed the order was the report of the committee.

**Street Assessment Report.**  
The report of the street assessment committee on the actual cost of the macadamizing South Second street, which was \$2,982.51, and its apportionment, and on the amount due the contractor, \$1,915.44, were adopted and a resolution was also adopted providing for the publication of a notice in reference to issuing city improvement bonds.

**Some Dangerous Sidewalks.**  
The ordinance creating a light inspector and defining the duties of the city electrician was given its third reading and subsequently adopted. The office of city electrician was created and in addition the attention of the council was called to the dangerous condition of the sidewalk on Center avenue between the Monterey bridge and Eastern avenue, and Alderman McLean moved that the highway committee investigate the matter and if they think best to construct a new fence and sidewalk and charge it to the general fund. After some discussion the motion was carried. A number of sidewalk and cross walk orders were introduced by the several aldermen.

Alderman Valentine presented an ordinance prohibiting the distribution of samples of medicines or drugs by throwing them in the yards, offices or on doorsteps. On his motion it was given its second reading and referred to the highway committee.

The chief engineer and the chairman of the fire and water committee were instructed to purchase 500 feet of white anchor hose and 2,000 feet of cotton hose to replace some of the hose in the department which has been in use for seven years and is getting worn out.

The application of Michael Suob, to have his saloon license transferred to Charles H. Johnson was granted. The claims of Minnie Glass against the city for injuries sustained by falling on a sidewalk was settled for \$65. The claim of H. D. McKinney was settled for \$75.

**Rented a Chemical Engine.**

The action of the fire and water committee in renting a chemical engine in Chicago to take the place of the steamer while it was undergoing repairs was approved by the council. The steamer was in bad shape and needed repairs very much. Chief Spencer and Alderman Kothman, chairman of the fire and water committee rented a chemical engine in Chicago for two months for \$75 to take the place of the steamer. The mayor appointed Aldermen Hemming, Hutchinson and Fife a committee of three to look after the election booths, and the council adjourned.

## YOUNG MEN FORM REPUBLICAN CLUB

Meeting Last Night at Which About Thirty Members Join—Officers and Committees Named.

Young republicans of Janesville started the ball rolling last night by the organization of a Young Men's Republican Club with about thirty members and the following officers:

President—W. O. Newhouse.  
Vice President—F. P. Starr.  
Secretary—Fred L. Clemons.  
Treasurer—M. O. Monat.  
Executive Committee—First ward, A. M. Fisher, Second ward, P. H. Henson; Third ward, Dr. E. D. Roberts; Fourth ward, Fred Sheldon; Fifth ward, Frederick Jeffries.

E. D. Roberts, J. L. Bear and J. C. Ulrich were appointed to confer with the railroads and make necessary arrangements for a trip to Belvidere on Saturday, Oct. 6, to participate in the Roosevelt demonstration at that place.

## CHORAL SOCIETY WAS ORGANIZED

About Fifty Members Enrolled at a Meeting Held Last Night—The Officers Elected.

Janesville's Choral society, which was first organized October 1, 1900, held an enthusiastic meeting last night. About fifty members were enrolled, and many more have expressed a desire to become members.

Prof. L. A. Torrens of Chicago, who has no superior in the west as a director, was engaged to take charge of the society. It was decided to take up "Handel's Messiah" as a work for the season. The Janesville Choral society bids fair to be the largest singing organization that Janesville has had in several seasons, and one that will be an honor to the city. Janesville has many good singers who are united in having one of the foremost singing societies in the state.

Notice of the time of meeting next week to commence work will be given later.

The following officers were elected:  
President—Charles Knippenberg.  
Vice President—S. B. Hedges.  
Secretary—Frank Smith.  
Treasurer—Mrs. Christine Hawley.

Twenty-Five Dollars Reward.

Twenty-five dollars reward will be paid for the arrest and conviction of the person or persons who turned in the fire alarm last evening from box 45.

JOHN C. SPENCER, Chief Engineer, Janesville, October 3, 1900.

FURNACES cleaned and repaired. Tin work of all kinds at Lowell's.

## DEATH OF MISS ELSIE BAKER

Passed Away at Home of a Relative Last Sunday at Darlington.

Miss Elsie Baker, formerly of this city, died at the home of her brother in Darlington last Sunday, of typhoid fever. The deceased lived here for a number of years and was a dressmaker. She went to Chicago some years ago and opened a dressmaking establishment. Her father was taken sick about a year ago and she gave up her business to go and take care of him. A short time ago her brother's children were taken down with typhoid fever and Miss Baker went to his home to take care of them. The children recovered, but Miss Baker contracted the disease and died. Her funeral took place in Darlington this morning at 10 o'clock.

## S. H. JOINER IS NAMED FOR SHERIFF

PROHIBITIONISTS PUT UP A  
FULL COUNTY TICKET.

Delegate Convention For Rock County Held at the Court House This Afternoon—The Attendance Was Not Very Large—The Ticket Put in Nomination.

The Rock county prohibition convention met at the court room this afternoon for the purpose of nominating candidates for the county officers.

W. B. West of Milton, called the convention to order and was made permanent chairman. M. S. Kellogg was elected secretary. The chair appointed Dr. H. A. Palmer and E. E. Van Pool as tellers.

The convention proceeded to an informal ballot for sheriff, which resulted as follows:

S. H. Joiner, 3; M. S. Kellogg, 2; Wells, 2; C. W. Van Alkin, 1; J. Waggoner, 1; J. Carbutt, 1; Geo. Helmbolt, 1. The first formal ballot resulted in S. H. Joiner receiving 11 votes, Joe Waggoner, 1 and J. Carbutt, 1.

S. H. Joiner having received the majority of votes was declared the choice of the convention for sheriff.

Frank Hall nominated Dr. H. A. Palmer for county clerk, and H. A. Palmer nominated M. S. Kellogg.

The first ballot resulted as follows: M. S. Kellogg, 10; H. A. Palmer, 2.

M. S. Kellogg was declared the choice of the convention.

H. A. Palmer nominated W. B. West of Milton for county treasurer and the first ballot resulted as follows: W. B. West, 9; E. E. Van Pool, 2; E. Baker, 1. W. B. West was declared the nominee.

H. M. Wagley of Orfordville, was the unanimous choice of the convention for clerk of the court.

E. E. Van Pool received the full number of ballots cast, and was declared the nominee for register of deeds.

C. W. Van Alkin nominated A. S. Maxson of Milton, for coroner. The first ballot resulted in Maxson getting ten votes, John Spencer one, J. Waggoner one, G. Humboldt one. A. S. Maxson was declared the nominee of the convention.

J. V. Koch was nominated for county supervisor.

On motion of H. A. Palmer the naming of a candidate for district attorney was left in the hands of the county committee.

Mr. Chapin Speaks Tonight.

Mr. Chapin of Waukesha, will speak on the temperance and prohibition question at Assembly hall at 7:30 o'clock tonight. Arrangements are under way to have Mrs. A. D. Groat speak at the same place, occupying a portion of the evening instead of at the M. E. church as advertised.

**Iowa Girl Kills Her Father.**  
Dubuque, Iowa, Oct. 2.—Henry Schaffer, aged 60, frenzied with liquor attempted to kill his wife and daughter near Lamotte, Jackson county, seventeen miles from Dubuque. While defending her mother the daughter struck her father with a club, killing him. Mrs. Schaffer drove to Bellevue and notified the authorities, returning Saturday night with the coroner, who found Schaffer's body lying in the barnyard, where he had died. The coroner's jury exonerated the daughter.

**Suspicious of Ecuador.**  
New York, Oct. 2.—The Herald's correspondent in Bogota reports that the Colombian government has postponed definite action on the protocol recently signed in Quito by Minister Uribe and the government of Ecuador. The protocol is not approved because the Colombian authorities are waiting for important data in regard to the attitude of Ecuador in connection with the invasions on the southern frontier of Colombia.

Colombia is also investigating whether Ecuador has been in connivance with Venezuela.

**Live to Fight Mosquitoes.**  
Residents of the Bronx have abandoned all duties in life to fight mosquitoes. For three days a plague has infested the borough, even penetrating the cellars of dwellings, where inmates sought refuge.—New York Letter.

**Comfortable Footwear.**  
Buckskin shoes are not commonly seen in Portland, though the old Indian moccasins may not be much of a curiosity, so when an Arizona man appeared with a pair on his feet he attracted some attention. A prominent cattleman of the land of the cactus and hot sands who is in the city never wears any other shoes. The uppers are regular Indian tanned buck; the soles are of sole leather, and he says they are just like a stocking to the feet. Although buckskin is supposed to be a lasting material, buckskin shoes can not be worn in the wet, and they would not do in the plowfield or the harvest field. "The buckskin came from a deer he killed in the Arizona mountains and he paid \$10 to have two pair of shoes made. He thinks people who box their feet up in stiff calfskin are missing a whole lot of ease and comfort in life."—Portland Oregonian.

**Howard to Be Hanged, Dec. 7.**  
Frankfort, Ky., Oct. 2.—The motion for a new trial in the case of James Howard was overruled by Judge Cantrell Saturday and Howard was sentenced to be hanged Dec. 7. It was agreed that the attorneys should be allowed to file their bill of exceptions in the appeal to the Court of Appeals any time between now and the third week in October.

Howard, in answer to the court's question whether he could show cause why sentence should not be pronounced, said, in a firm, clear voice: "I am innocent." Howard was found guilty of firing the shot that killed William Goebel last January.

In overruling Howard's motion for a new trial the court said the affidavits of the defense attacking the qualifications of several jurors had been fully offset by counter affidavits filed by the prosecution.

The case of Henry E. Youtsey, also charged with being a principal in the Goebel murder, will be taken up at Georgetown.

The Youtsey case has been set for tomorrow. Commonwealth's Attorney Franklin was granted a subpoena against the postmaster at Frankfort to produce an application for a money order made in January by Henry Youtsey, payable to Powell Clements & Co., of Cincinnati, from whom it is claimed the smokeless powder cartridges were purchased.

## Niles Tin Mill to Resume.

Niles, O., Oct. 2.—The American Tin Plate company announces it will start the finishing department of the Niles tin mill tomorrow, whether the scale governing is signed or not at the conference in New York today. The mill employees say they will not return unless the scale is signed, and the company says it will run non-union if it is not signed.

## Statehood the Issue.

Phoenix, Arizona, Oct. 2.—The political campaign in this territory will formally open this week. The two rival Democratic candidates for delegate to congress, Mark Smith and J. F. Wilson, will fight it out, holding separate meetings. Statehood has been made the rallying cry of both Republicans and Democrats.

## Hay Is Back to Work.

Washington, Oct. 2.—Secretary of State Hay appeared at his office in the state department today after his summer vacation spent in New Hampshire. He spent several hours last evening talking with Dr. Hill, who was acting secretary during his absence. The secretary is apparently in the best of health now.

## Workmen Flock to Galveston.

Galveston, Tex., Oct. 2.—Workmen are beginning to arrive here in large numbers. The exodus has almost ceased, while every incoming train brings artisans and others. Official reports show 6,877 bales of cotton and sixty cars of grain were received today.

## Smarter by Inches.

Chicago, Oct. 2.—"The average large pupil is brighter than the small one. There are small pupils who excel in their classes, but the general rule is that the larger, stronger and heavier the pupil is the higher will be his standing in school." This is the conclusion which may be drawn from the results of the experiments carried on for a year in Chicago schools by the members of the child-study department. Seven thousand pupils were examined, the intention being to obtain statistics which could be used as a basis for comparison.

## Big Democratic Rallying.

Indianapolis, Ind., Oct. 2.—Early delegates from many states are arriving for the national convention of Democratic clubs, which meets here Wednesday and Thursday of this week. The attendance, it is estimated, will be 20,000. Meetings will be held in Tomlinson hall, where Mayor Taggart will welcome the delegates Wednesday afternoon. Among the speakers will be W. J. Bryan, Adlai E. Stevenson,

Sigmund Zeisler, Chicago, Congressman Sulzer of New York, Bourke Cockran and Gov. McMillan of Tennessee.

**Millionaire Joins the Navy.**  
Norfolk, Va., Oct. 2.—The United States training ship Dixie has arrived from an extended cruise. She has aboard northern and western men, who, when they enlisted, were green landsmen and who have been transformed into able seamen. At the Norfolk navy yard the Dixie will take on another batch of recruits and among them Fritz Nave, a young millionaire of St. Joseph, Mo., who recently joined the navy as an ordinary sailor.

**Arrested at a Grave.**  
Jeffersonville, Ind., Oct. 2.—John Canter, aged eighteen, was arrested here yesterday at the grave of his brother, aged sixteen, charged with his murder. Stephen Canter was killed last Friday at Arctic Springs, according to the story of his brother, who was the only witness, by the accidental discharge of his gun. The position of the wound caused the officers to discredit the story.

**Transports Reach Manila.**  
Washington, D. C., Oct. 2.—Gen. MacArthur cables the war department that the transport Belgian King has arrived at Manila, also the transport Logan. The transport Universal arrived at Nagasaki Saturday with forage for Taku and the transport Argyle has sailed from Nagasaki for Manila.

**Buffalo Garbage Crematory Burns.**  
Buffalo, Oct. 2.—The main building of the city garbage crematory, known as the Baynes Garbage Works, on William street, just outside of the city line, was burned today. Loss, \$80,000.

## Oldest Triplets on Record.

On August 21 last Albert, Ambrose, and Alfred Aldrich met together at the home of the first named in Stockton, Cal., and celebrated their fifty-third birthday. So far as is known they are the oldest living triplets. They were born in Berkshire county, Massachusetts, in 1847, and for the first fourteen years of their lives were never separated even for a night. Then in 1861 Albert and Ambrose went west to make their fortunes and settled in California, while Alfred remained behind in Massachusetts. The three brothers are all strong and healthy and have been almost equally prosperous. Each of them is said to be worth \$50,000. They expect to live to a ripe old age, as they come from a long-lived family, their father and mother having lived to celebrate the sixtieth anniversary of their marriage.

## Freight Vessels Busy.

Before the outbreak of the war with Spain freight vessels were lying idle in many a seaport at home and abroad. Demands incident to hostilities in South Africa and the far east have been so active that now, not enough vessels are afloat to do the business of the world.

## EASILY DECIDED.

This Question Should be Answered Easily by Janesville People.

Which is wiser—to have confidence in the opinions of your fellow citizens or depend on statements made by utter strangers? Read this:

Mrs. N. J. Casey, of 103 Prairie Ave. says: "Doan's Kidney Pills proved better than any other medicines I took for my kidneys. These organs troubled me off and on for some years. Backache was the chief symptom and often caused me to suffer severely. I tried a number of remedies but continued to grow worse instead of better. I was finally persuaded to try Doan's Kidney Pills and procured a box at the Peoples' Drug Co's. store. I only took them a few days when I felt better. Should there be any recurrence of my trouble I now know what to use."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

**Drying preparations** simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N. Y.

## THE ART OF "JUIJUTSU"

Science of Killing With Hands  
as Practiced by Japanese.

IT MAY BE TAUGHT TO POLICEMEN.

Interesting Demonstration Given Before Police Officials in Boston by John J. O'Brien, Ex-Chief of Police of Nagasaki, and a Japanese—Many New Grips and Holds Shown.

It may be that the police of Boston and of New York will be taught the ungentle art of juijutsu, which is the Japanese "science of killing with the hands," or killing without weapons, says the New-York Journal. Then good-bye to policemen's clubs and clubbing by policemen. Refractory prisoners will suffer, not from cracked skulls, scalp wounds and bruised muscles, but their arms will be dislocated or their necks and backs wrenched until they submit.

John J. O'Brien, formerly of Boston and ex-chief of police of Nagasaki, gave an exhibition of juijutsu at the bureau of criminal investigation in Boston the other morning to the police commissioners, Superintendent Elbridge and many of the inspectors and captains. O'Brien explained that juijutsu enables small men easily to overcome big and strong men. The truly leveling science is peculiar to our school of Japanese wrestlers, who teach it to the children and to Japanese policemen, who have neatly surprised bulky, tipsy foreign sailors with it. O'Brien went to Nagasaki to study juijutsu and became so proficient at it that he was made chief of police.

O'Brien was assisted in his demonstration by a small Jap, K. Inoe, who, although he is not strong, does know how to "kill with his hands." The former chief at once admitted that the "holds" and "grips" he illustrated are all "foul" from a sporting point of view. "But if a man is coming at you to do you bodily harm you do not stop to balance the niceties of fair and foul work," said he. "Your idea is to protect yourself. Let the other fellow take care of himself."

So saying, O'Brien and Inoe clinched, and O'Brien broke the clinch by throwing the Jap over his knee. Inoe went flying and came on the mat with force enough to jar every bone in his body. But the Jap got up and smilingly requested the pleasure of showing some more "holds" to the commissioners. "A knowledge of anatomy, of where and how to take hold of a man, of the locations and uses of the muscles, is all that is necessary," said O'Brien. "Why, I've often seen Japanese boys of 8 years, sons of wrestlers, master men three times their age with the juijutsu."

Inoe asked Commissioner Adams, a well trained athlete, to brace himself, to make ready to resist. So he did, and the Jap could not push the commissioner from his foothold. But he jabbed one finger on the commissioner's body where muscle brace was not effective, and Mr. Adams almost fell. "How about a man who is about to pull a gun on you?" asked the interested policeman.

"If a fellow draws a gun at long range, I may be his, but if he comes close to me he's mine, sure," answered O'Brien, and he told Inoe to make as if to draw a pistol from his hip pocket. Like a flash, O'Brien grabbed Inoe by the wrist and twisted his arm. The Jap was forced to lean over, to rise on his tip toes, then to fall on his knees. If he had not, O'Brien could have twisted his arm out of its socket. "Now I'll show you what to do when a man seizes both lapels of your coat," said O'Brien, and he so seized Inoe. The Jap grasped the instructor in the same fashion, quick as lightning placed his right foot against O'Brien's stomach, jerked him toward him and suddenly sat down. O'Brien smiled over the Jap's head and fell on his back several feet away. The Jap was standing over him before he could arise. "The man who is thrown in this way," said the instructor, "falls with his muscles rigid and looks for no further trouble. It's a fine way to end a street row."

"If a man comes at you with a stiff left lead, what can you do?" asked one of the commissioners. O'Brien rattled off something in Japanese, then rushed at Inoe, hitting straight from the shoulder at his head. The Jap crossed his hands a few inches away from his face, and O'Brien's wrist landed in the vise so formed. Inoe seized the wrist with his right hand, twisted it, and O'Brien fell on his knees, completely at the other's mercy. "There are many more ways of getting away from a punch like that," said O'Brien. "Here is one."

The Jap led for him with his left. O'Brien, with his open right hand, struck up Inoe's arm at the elbow. In half a second O'Brien's left hand shot under the Jap's left arm and gripped the back of his neck. The Jap was perfectly helpless.

"With this grip, in this position, I could break his neck," said O'Brien.

The demonstration greatly interested the commissioners and police officials. O'Brien showed many new grips and holds, of which there are 200, but he said a thorough knowledge of ten or a dozen of them will protect any man. He said he could teach these holds to a squad of policemen in four days. From Boston O'Brien was to go to New York, where he will demonstrate juijutsu to the police commissioners.

## GUIDE FOR RAILWAY EXCURSIONISTS

Cleanest in America.

The Lackawanna Railroad is the cleanest railroad in America. Even though it cared little for the comfort of its passengers, which it does, it probably would burn hard coal, for the reason that it owns the most extensive anthracite coal mines in Pennsylvania, and it is cheaper for it to burn hard coal, which makes no smoke, than soft. At any rate, there is no smoke from its locomotives. It is built for the most part through the mountains where rock is the material easiest of access, and its road-bed for that reason is rock-ballasted. There is therefore, no dust. These two things are of unusual interest to the traveler by the line, for the reason that on no other road in the United States is there stronger incentive to keep one's eyes upon the passing scene. It is said of this line truthfully that every mile is picturesque. It traverses the agricultural region of Western New York, the valley region of Central New York, the mountain region of Pennsylvania and New Jersey, and every mile offers a view that is beautiful, interesting and entrancing. In point of comfort its passengers are particularly fortunate, for, in addition to there being no smoke or dust, the cars are roomy and scrupulously clean. Sleeping cars, parlor cars and dining cars offer all the conveniences and comforts of modern travel.

## WHEAT AND POLITICS

PROSPERITY IS THE KEYNOTE OF THIS CAMPAIGN.

Secretary Wilson Paints a Glimmering Picture of the Conditions and the Outlook as He Found Them in the Agricultural Sections.

One of the most noteworthy utterances that have been made by a public man in this country during the past few weeks is the expression of the opinion by Secretary Wilson of the department of agriculture that wheat will sell at \$1 a bushel before the close of the current year. Secretary Wilson only gives this as his opinion, and he expressly said that he had no desire to induce farmers to hold their wheat in expectation of obtaining the price mentioned, the question whether a man should sell being one which must be determined by every man for himself. But the secretary made this comment after returning to the capital from a tour through the west, and the reasons which he gives for the faith that is in him are of striking interest to the people of the country.

Secretary Wilson gives as one of the reasons why wheat will advance in price the shortage in the crop, especially in some sections of the great wheat belt of the northwest. Prosperity is the keynote of the other and leading reason given by Secretary Wilson for expecting an advance in wheat prices. After a tour of the country extending through many states the secretary returns to Washington with exalted ideas of the prosperity and contentment among the people, and, being a student of business conditions and the domestic economies of the people, he sees in the prosperous times reasons for believing that the people will consume more wheat this year and that the greater demand will tend to increase the price.

It is axiomatic that in prosperous times the people indulge in a greater proportionate share of the luxuries of life. This being true, it only becomes necessary to prove, from the reports which Secretary Wilson brings out of the west and from the contemporary testimony of thousands of persons from all sections, that prosperity is really with the people and that work is abundant and wages good. The secretary found these conditions, and others testify to it daily. The times are so good among the wage earners of the country that Secretary Wilson believes the consumption of wheat among our people will increase more than a bushel per capita of the population during the present year. In times of good wages and steady employment, such as the people are now enjoying, the consumption of wheat increases and the standard of living among all classes of wage earners improves. In dull times and during periods of low wages and scant employment the people seek means for cheap living, and substitutes for wheat flour are sought, all of which not only

tends to diminish the price of wheat but also breeds discontent and dissatisfaction among the people. No such conditions exist at this time, and Secretary Wilson calls attention to that fact in a manner well calculated to attract the attention of all people who might be inclined to doubt the wisdom of existing economic and financial policies in our government and vote for a change. Good wages, plenty of employment among the people and dollar wheat for the farmer is a campaign slogan for McKinley and prosperity which will make victory for this splendid combination certain.

Not only from Secretary Wilson, but from visitors to the national capital from all sections of the country, come the swelling notes of the good the country is reaping from universal prosperity. In fact, the country manifests every disposition to engage in the "paramounting" business so far as campaign issues are concerned and make the issue of the time the retention of McKinley in the White House and the continuance of the prosperity which the Dingley tariff and sound money policies have brought to bless the people of the United States. Such is the report brought out of the west by Representative Mondell of Wyoming. He claims that Wyoming is as surely for McKinley in the coming election as is Maine. The reason he gives is that the people of his state have no use for the frantic efforts of the Bryanites to galvanize a false issue into a "leading issue" to delude the people in the campaign. They see it as Senator Hearse sees it, a cloak for free trade and free silver coinage. Mr. Mondell says that the industrial and mining and agricultural interests of Wyoming were never in such conditions of prosperity as they are today. Wages and prices are good, and the people have become convinced that the prophecies of the Bryanites four years ago were utterly worthless, and they will give no further heed to the party whose leaders found delight in plunging the country into the depths of despair which prevailed in 1893-4 and who now take delight in telling the country that there is no prosperity among the people when the facts of every day history prove that good times are enjoyed all over the country.

It is not necessary to abuse the Democratic leaders in this campaign. They regard the liberal employment of quotation marks in the very worst form of chastisement.

**Trying to Fool the People.**  
The Democratic apology for free silver is that it is way down toward the tail of the platform, as though that were evidence that they did not mean it. If they do not mean it, they are trying to fool the country with a falsehood, knowing it to be such. If they do mean it, in the event of securing a Democratic house and Bryan's election they will not delay in commencing to tinker with the tariff and trade with the financial policy of the government.
